

SWISH of the Curtain Drama School is presenting its annual summer showcase this week, celebrating a year of phenomenal achievement. As pupil numbers have grown the event has been split into two evenings. Performances at the Pavilion Theatre yesterday and today feature 700 children (350 in each show) aged from three upwards. The show, called First, reflects a series of life's first experiences, including first day at school, first date and first baby. Tonight will include children from the long-established Southbourne classes while last night featured the newer branches in Winton, Christchurch and Poole.
